Remarks:

Visual Inspection as per MSS SP - 55-(2011) Type II - XII (a) satisfactory This certificate confirms to NACE MR0175-2015/MR0103/ISO15156-(2015)

TDC 001/Rev 28, MPI Carried Out as per NDE 002/8

We confirm the castings are be free from RADIOACTIVE CONTAMINATION Fully Killed Carbon steel and Fine Grained

Critical Dimension and Wall thickness checked and found satisfactory

MTC - REVIEWED & ACCEPTED

LTV QC

We Confirm that the above material was manufactured sampled, tested and inspected in accordance with the drawings, customer order requirements and material specification, ASTM A216 Gr.WCB-18 and were found to meet the requirements.
